

COMPANY PROFILE

As an ISO certified organization, our dedicated team ensures each client is provided with cost-effective and highest quality products and services. Oil and Gas companies require a high level of safety in workplace for carrying out their day-to-day functions smoothly which is reflected in our products and services. We measure our success by customer satisfaction & feedback.

About Us

Doha Project Trading & Services W.L.L., established in April 2000 has now grown to be a well-established, highly reputed and most respected organization, inheriting credibility and reliability in the field of Oil and Gas industry in the Middle East region. We are committed to serve our clients by providing a wide range of diversified products, accessories and services for the Oil & Gas industry, Petrochemical, Power and infrastructure related projects.

Our product range is extensive which includes supply of pipes & fittings, flanges, valves, gaskets, safety and security products, electrical equipment, static equipment, structural steel sections & plates, packaging bags etc.

We also carry out other services such as :

- Structural Steel Fabrication Works
- MEP Installation and Maintenance Works
- Civil Construction Works
- Design, Development & Maintenance of Landscape & Irrigation Systems
- Light & Heavy Auto Spare Parts & Maintenance Services.
- Building Maintenance Services (BMS)

Over the years, the company has established excellent business tie-ups for the supply of specialized materials/equipment with international suppliers/ manufacturers in the region. We grow and develop formidable, strong & long business relationship through our dedication and alliance with all our customers.

List of Products

Valves
 Pipes
 Fittings
 Flanges
 Gaskets
 Fasteners
 Tubing & Instrumentation Fittings
 Structural Steel Sections & Plates
 Hoses
 Shell & Tube Type Heat Exchangers
 Condensers
 Separators (2ph & 3ph/ vane pack & demister)
 Horton Spheres (Ethylene, Butane, Ethane/LPG etc.)
 FBE Coating of Pipes & Fittings
 FBE Coating of Rebars
 FBE Coating Plants & Machineries
 Lifting Beams, Gratings etc.
 Packaging Products : Jumbo Bags, PTFE Bags, Slip sheets/Cover Sheets, Container linings etc.

VALVES

We stock and supply different types of valves such as Gate, Globe, Check, Ball, Butterfly, Special & Modified valves from reputed manufacturers. We provide valves of all sizes &

grades conforming to ASTM, ASME ANSI, API and MSS for project works, shutdowns and maintenance services.

Type	Gate, Globe, Check, Ball, Butterfly, Single Block & Bleed, Double Block & Bleed, Manifolds, Special and Modified Valves.
Size	1/4" to 80"
Material	Carbon Steel, Low Temperature Carbons Steel (LTCS), Stainless Steel, Duplex Stainless Steel, Chrome Moly & any other exotic materials.
Pressure Rating	150, 300, 600, 800, 900, 1500, 1690, 2500, 2680 and 4500
End Configuration	Threaded, Socket Weld, Butt Weld, Plain End, Raised Face Flange, Ring Type Joint Flange and Flat Face.
Trim Material	410, 304, 316, 317, 321, 347, Alloy 20, Monel 400, Monel 500, Stellite and other exotic material grades (API 600 Trim 1-21)

PIPES

Seamless Pipes

We stock and supply seamless pipes from a wide range of quality manufacturers, that meet or exceed ASTM, ASME, API, UNS, DIN, JIS and other standards, as per the required specifications including full documentation & test certificates. We provide pipes in Carbon Steel, Stainless Steel, Alloy, Chrome Moly, or any other special exotic materials to meet any of the plant activities and requirements.

Welded Pipes

We stock and supply welded pipes from a wide range of quality manufacturers, that meet or exceed ASTM, ASME, API, UNS, DIN, JIS and other standards, as per the required specification including full documentation & test certificates. We provide ERW (Electric Resistance Welded), EFW (Electric Fusion Welded) and DSAW (Double Submerged Arc Welded) pipes in Carbon Steel, Stainless Steel, Alloy, Chrome Moly or any other special exotic materials.

Type	Seamless Pipes & Welded Pipes
Size	1/4" to 80"
Material	Carbon Steel, Low Temperature Carbon Steel (LTCS), Stainless Steel, Duplex Stainless Steel, Copper Nickel, Chrome Moly & any other exotic materials
Schedule	As per customer requirement
Standards	A53B, A106B/C, API 5LB, ASTM A 333 Grade 6, A/SA 335 – Grades, A312 A53A, A53B, & API 5LB, API 5L X42, API 5L X52, API 5L X60, API 5L X65, X70 & etc.,

Brands :

FITTINGS

Forged Fittings

We stock & supply different types of forged fittings from a wide range of quality manufacturers. Our Forged Fittings include Elbows, Street Elbows, Tees, Crosses, Couplings, Reducers, Outlets, Inserts, Caps, Unions, Bushings and Plugs. We

provide Carbon Steel, Stainless Steel, Alloy, Chrome Moly and other fittings to meet the project requirements. All these fittings conform to ASME, ANSI and API, EEMUA standards.

Forged Type	Elbows, Street Elbows, Tees, Crosses, Full & Half Couplings, Reducers, Outlets, Inserts, Caps, Unions, Bushings and Pipe Nipples.
Size	1/4" to 80"
Material	Carbon Steel, Low Temperature Carbons Steel (LTCS), Stainless Steel, Duplex Stainless Steel, Copper Nickel, Chrome Moly and any other exotic materials.
Forged Rating	3000, 6000, 9000

Butt Weld Fittings

We stock and supply different types of Butt Weld end fittings from a wide range of quality manufacturers. Our Butt Weld Fittings include 45, 90, 180 Degree Long/Short Radius Elbows, Equal Tees, Reducing Tees, Equal Crosses, Reducing Crosses, Concentric Reducers, Eccentric Reducers, Caps and Barred Tees.

Crosses, Concentric Reducers, Eccentric Reducers, Caps and Barred Tees. We provide Carbon Steel, Stainless Steel, Alloy, Chrome Moly & other fitting. All these conform to relevant ASME, ANSI and API, EEMUA standards.

Butt Weld Type	45, 90, 180 Degree Long/Short Radius Elbows, Equal Tees, Reducing Tees, Equal Crosses, Reducing Crosses, Concentric Reducers, Eccentric Reducers, Caps and Barred Tees.
Size	1/4" to 80"
Material	Carbon Steel, Low Temperature Carbons Steel (LTCS), Stainless Steel, Duplex Stainless Steel, Copper Nickel, Alloy, Chrome Moly and any other exotic materials.
Butt Weld schedule	Schedule 10 thru XXH, and Special Wall Sizes

Brands :

FLANGES

We stock & supply different types of Flanges from a wide range of manufacturers who are globally approved. We provide Flanges of ANSI, API, DIN, EEMUA standards. to

meet the project and maintenance schedules & requirements.

Type	Weldneck, Slip-On, Blind, Threaded, Lap Joint, Socket Weld, Long Weldneck, Reducing, Spectacle Blind, Spade Blind, Orifice Flange etc.
Size	1/4" to 80"
Material	Carbon Steel, Low Temperature Carbon Steel (LTCS), Stainless Steel, Duplex Stainless Steel, Copper Nickel, Chrome Moly and any other exotic materials.
Standards	150, 300, 600, 800, 900, 1500, 2500, PN10, PN16 etc.

GASKETS & PACKING MATERIALS

Gaskets

We stock and supply different types of Gaskets from a wide range of quality manufacturers. We provide all types of Gaskets

to complete the projects on time and on budget. Also, we have the right grade and size to meet any special requirements and quality standards.

Type	Spiral Wound, Ring Type Joints, Metal Jacketed, Solid Metal, Non-Metallic & Cam Profile, Neoprene, Rubber Gasket etc.
Size	1/4" to 80"
Material	Carbon Steel, Low Temperature Carbon Steel (LTCS), Stainless Steel, Duplex Stainless Steel, Chrome Moly and any other exotic materials.
Pressure Rating	150, 300, 600, 800, 900, 1500, 1690, 2500, 2680 and 4500
Packing/Sealing Material	PTFE, Graphite, EPDM, Hypalon, NBR, Wear Resistant EPDM, Viton, Silicon & etc.

FASTENERS

Fasteners

We stock and supply different types of Stud Bolts, from a wide range of quality manufacturers that meet or exceed ASTM, DIN, JIS, & other standards, as per the required specifications including full documentation & test certificates. We provide Carbon Steel, Stainless Steel, Alloy, Chrome, or any other special exotic materials to meet the maintenance works, shutdowns and project requirements within shortest possible delivery periods since we have the right grade and size to meet any special requirements and quality standards at any point of time.

Type of Bolts	Hex Head, Heavy Hex, Lag, Carriage, Machined, Anchor & U-Type, Round Head etc.
Types of Nuts	Hex, Heavy Hex, Wing, Acron, Serrated Flange, Jam, Coupling & Reducing Coupling Nuts
Types of Washers	Standard, Lock/Spring, Beveled, Hilside, Fender & Tooth
Size	3/8" to 4"
Material	Carbon Steel, Low Temperature Carbon Steel (LTCS), Stainless Steel, Duplex Stainless Steel, Chrome Moly and any other exotic materials.
Special Coating	PTFE, HDG, Dracomet, Xylon, Zinc Plated & Special Coating as per customer requirement.

INSTRUMENTATION TUBING, FITTINGS & VALVES

Tubing Sizes	1/8" to 2" OD and 0.028" to 3.00" wall and special size as per requirement
Fitting Sizes	1/8" to 2"
Types of Fittings connection	Tube to Tube Union, Tube to Male Pipe, Tube to Female Pipe, Sub-Tube Connector, Tube to AN Tube, Tube to SAE/MS O-Ring, Tube to Weld End, Plug and Cap etc.
Fittings Pressure rating	3000, 6000, 10,000 & Above

STRUCTURAL STEEL SECTIONS & PLATES

We stock and supply different types of Structural Steel Sections & Plates from a wide range of quality manufacturers. We provide all types of formed Structural

Steel Sections and Plates as per the construction requirements. Moreover we also have right grade and size to suit any of your special requirements and quality standards.

Type	Beams, Universal Columns, UPN Channel, Round Bars, Square Bars, Equal Angles, Unequal Angles, Flat Bars, Hot Rolled MS Plates, Hot Rolled (High Tensile) Plates, Hot Rolled (Pressure Vessels) Plates and Gratings.
Size & Thickness	As per customer requirement
Material Standards	ASTM A36, BS4360 GR. 43A, EN10025 S275JR, ASTM A238 GR. C, ASTM/ASME S516 GR. 60, 65, 70.
Material	Mild Steel, Carbon Steel, Low Temperature Carbon Steel (LTCS), Stainless Steel, Duplex Stainless Steel, Chrome Moly, Monel, Alloy 20 & any other exotic materials.

HOSES

We stock & supply different types of hoses for process, utility and loading / unloading of various gases & liquids (hazardous & non-hazardous).

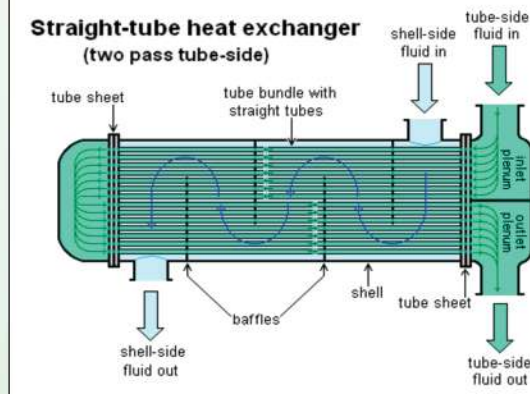

Type	Flexible Braided, Corrugated & Plain etc. with accessories and connectors.
Pressure Rating & Temp	As per customer requirements.
Sizes	As per customer requirement (½" to 24" Ø - 1 M to 10 M LG)
Material Standards	API, ASTM & ISO
Material	CS, SS, PTFE, PVC, Neoprene, SBR, NBR etc.

SHELL & TUBE TYPE HEAT EXCHANGERS

Design and supply of U-stamped Shell & tube type heat exchangers of various sizes as per ASME Sec I & Sec VIII, Div 1, 2 & 3 / TEMA Class R, C & B / API Standards, to meet customer requirement.

Type	One / two pass, split flow, divided flow, cross-flow etc
Pressure Rating & Temp	To suit customer requirements
Sizes & Thickness	Any sizes to suit customer requirements.
Material	SS, CS, Monel, Low & High alloy, Aluminum Bronze, Cupro Nickel, Nickel Alloy, Duplex etc. as per ASTM/DIN/BS/JIS standards.

CONDENSERS

Design, fabrication and supply of Condensers of various sizes as per ASME Sec I & Sec VIII, Div 1, 2 & 3 / TEMA / API Standards, to meet customer's requirement.

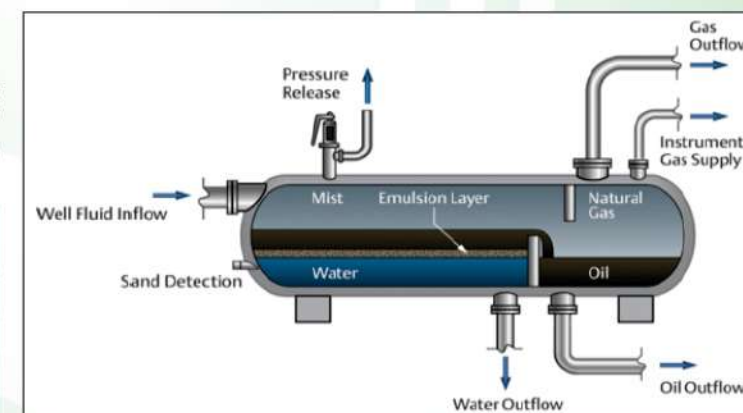

Type	Surface / Evaporating
Pressure Rating & Temp	To suit customer requirement
Sizes & Thickness	Any size to suit customer requirement.
Material	SS, CS, Monel, Low & High alloy, Aluminum Bronze, Cupro Nickel, Nickel Alloy, Duplex etc. as per ASTM / DIN/ BS/ JIS standards.

SEPARATORS

Design, fabrication and supply of Separators of various sizes as per ASME Sec I & Sec VIII, Div 1, 2 & 3 / TEMA / API Standards, to meet customer's requirement with ASME U, U2 & R certifications.

Type	2 ph. & 3 ph. (horizontal / vertical - vane pack / demister)
Pressure Rating & Temp	To suit customer requirement
Size & Thickness	Any size to suit customer requirement.
Material	SS, CS, Monel, Low & High Alloy etc. to ASTM / DIN/ JIS/BS

HORTON SPHERES

Design, fabrication, supply and installation of ASME U & U2-stamped Horton Spheres for various gases & liquids including cryogenic service, eg. Ethylene, Ethane, Butane, LPG etc. to suit customer requirement.

Type	Atmospheric, Low Temperature & Cryogenic
Pressure Rating & Temp	As per customer requirements including cryogenic service
Size & Thickness	As per customer requirement.
Material	SS, LTCS, Alloy Steel, CS, to ASTM / DIN standards.

FBE COATED FITTINGS

FBE coating of fittings as per customer requirements using specific coating materials by controlled temperature and automatic spraying process adopting induction heating ovens/furnaces.

Standards	ASTM, ISO, BIS
Size	2" to 80"
Coating Thickness	100 Microns to 500 Microns
Guarantee	10 years

FBE COATED PIPES

FBE coating of Piping as per customer requirements using specific coating materials by controlled temperature and automatic spraying process adopting induction heating ovens/furnaces.

Standards	ASTM, ISO, BIS
Size	2" to 80"
Coating Thickness	100 Microns to 500 Microns
Guarantee	10 years

POWER & DISTRIBUTION TRANSFORMERS

Power Transformers upto 220 kV class

We supply power transformers from 3.0 MVA 33/11 kV up to 200 MVA, 220 kV voltage class. All transformers can be supplied with the desired tapplings for positive/negative voltage variation either with OFF circuit or ON load tap changers. We can also supply intermediate sizes with non standard voltage ranges as per customer requirements.

Distribution Transformers

We supply distribution transformers range from 25 KVA to 1500 KVA in the 11/0.433 kV, 22/0.433 kV and 33/0.433 kV voltage classes.

These distribution transformers are installed in a 3 phase distribution network (usually as a part of urban / institutional requirements) and could be used by electricity distribution companies, public utilities, farms, factories, multiplexes and real estate ventures for further distribution or captive power requirements.

SWITCH GEARS & PANEL BOARD

We supply Low-voltage withdrawable switchgear assembled from modular components from a combination of low-voltage switchgear withdrawable type (hereinafter referred to as the device). This device is suitable for power plants, transformer substation, petrochemical, metallurgy, steel rolling, light industry and textile factories and enterprises, and residential quarters, high-rise buildings and other places, as the AC 50 ~ 60Hz, rated working voltage 660V and below the low voltage power distribution system, power distribution and motor control centers, capacitor compensation, power conversion, distribution and control purposes.

POWER CABLES

We supply Low voltage and High voltage cables from 6mm² - 630mm².

- PVC and LSF Building Wires/Cables
- Low Voltage Power & Control Cables
- Medium Voltage Cables
- Fire Resistant Cables and Wires
- Low Smoke and Frame(LSF) Low Voltage Power and Control Cables
- Lead Sheathed Low Voltage Power & Control Cables
- Lead Sheathed Medium Voltage Cables

DESIGN, ENGINEERING & FABRICATION SERVICES

- Structural steel fabrication works
- Fabrication of steel tanks
- Piping works
- Machining & threading works
- Welding & general lathe works
- Tags

MEP UL / FM APPROVED PRODUCTS

- HVAC chilled water pipes, fittings & Valves
- Fire fighting pipes, fittings & Valves

Our Valuable Clients
